

KALAB AMSSALU BEZABEH

+2519-65875219 / +2519-22501999

I'm a committed, flexible person who is passionate about problem-solving and continuous development. My background in graphics design, project management, and programming has equipped me with strong technical and leadership skills. I enjoy a challenge, and I'm always looking for creative ways to solve hard problems. I bring a valuable combination of technical expertise, leadership, and curiosity to every endeavor.

EDUCATION

B.SC IN INFORMATION SYSTEMS

University of Gondar (2019—2023)

Completed all courses related to the field with a very great distinction status **(CGPA of 3.83)**.

EXPERIENCE

(May 2023 - Sep 2023)

- **PROJECT ON DRIVING SCHOOL INFORMATION MANAGEMENT SYSTEM** - As the project leader for this project, I lead the development of MERN stack website applications, refining my full-stack and project management skills. Our approach emphasizes collaboration and creative problem-solving.

(Jan 2022 - Mar 2022)

- **PROJECT ON UNIVERSITY OF GONDAR BUS SCHEDULING SYSTEM** - I developed a desktop application using C# to enhance bus scheduling and employee management. This project demonstrates proficiency in C# programming, as well as improvements to operational efficiency.

(Oct 2021 - Dec 2022)

- **PROJECT ON GOFER SHOE SHOPPING WEBSITE** - Built with PHP and MySQL, this website transforms online shoe shopping, highlighting my expertise in both languages and my ability to create intuitive e-commerce solutions, simplifying the purchase process.

(Nov 2020 - Jan 2021)

- **PROJECT ON UNIVERSITY OF GONDAR ADMISSION PORTAL** - Streamlined the Java GUI, simplifying student admissions. Demonstrates strong Java skills and user-centric design for efficient university processes.

SKILLS

- **PROGRAMMING LANGUAGE SKILL:** C++, Java, C#, PHP, JavaScript, Python, & Dart.
- **DATABASE MANAGEMENT SKILLS:** SQL, MySQL, & MongoDB.
